EXAMINER'S AMENDMENT

This application is in condition for allowance except for the presence of claims 1-45 directed to an invention non-elected without traverse. Accordingly, claims 1-45 have been cancelled.

Reasons for Allowance

The following is an examiner's statement of reasons for allowance:

The prior art of record disclose Sawatsky discloses a food cutting board including a body having a substantially planar working surface, the body including a main area, the body including an auxiliary area, the main area and the auxiliary area are substantially coplanar and extends continuously from each other, the main area peripheral edge and the auxiliary area peripheral edge have distinct geometrical configurations; and the main and auxiliary areas adapted for or capable of being used for distinct food preparations operations. However, the prior art of record does not disclose or render obvious all of the details of the limitations of independent claim and, in particular, a food cutting board wherein the main and auxiliary areas extending from each other along a shared edge portion of the main and auxiliary areas peripheral edges, the working surface area being substantially planar substantially adjacent and across the shared edge portion.
